SER0141766	Service Request - Homeless Concerns on Private PropertySER0141766	41 Park St. There is a homeless person that is sleeping in the porch of this abandoned home for the past 2 days. They have all of their belongings blocking the sidewalk.	573 E 2nd St, Reno, NV 89502	Open	Code Enforcement	2026-08-28 07:32:51	
SER0141772	Service Request - Sidewalk ObstructionSER014177 2	Sidewalk has issues as well as the fact there's a tree growing in the middle of the sidewalk. Children and myself have to walk out into the street to get up the street on Wyoming. Dangerous it's going to school. This is actually not the correct address, but it was the closest I could pick up by the canal gate area.	2400 Apollo Way, Reno, NV 89503	Open	Code Enforcement	2026-08-28 08:16:37

		pool contains a large amount of trash, debris, discarded items, and standing material. The surrounding area also appears cluttered and poorly maintained. This condition is concerning because it may create health and safety issues, including attracting insects, rodents, and other pests, as well as creating an unsanitary environment. It also negatively affects the appearance and enjoyment of my property. I respectfully request that the property owner or appropriate authority inspect the situation and require the area to be cleaned, the debris removed, and the pool and surrounding backyard properly maintained. I would appreciate your attention to this matter and ask that appropriate action be taken to ensure the property is

SER0141861	Fire hazard at Sun Villa estatesSER0141861	I am submitting a formal request for inspection and corrective action regarding several ongoing safety and property-maintenance concerns at Sunvilla Estates. There is a large tree located immediately adjacent to my fence that is not owned by me or located on my property. I have repeatedly notified park management that the tree is growing very close to my fence and poses a potential hazard to my property. I have specifically requested that the tree be evaluated and appropriately trimmed or removed, but management has repeatedly ignored these requests. In addition, the tree is heavily infested with box elder bugs. The infestation has spread from the tree onto my property and into my home. I have notified park management of this problem on multiple	1100 Selmi Dr, Reno, NV 89512	Open	Code Enforcement	2026-08-28 14:48:19	

Number	Case	Description	Location	State	Assignment group	Created	Ward number
		occasions, yet no meaningful action has been taken to address the source of the infestation. I am requesting that the appropriate City/County department inspect the tree and surrounding property and determine whether it constitutes a nuisance, safety hazard, or hazardous/insect-infested tree requiring corrective action. I understand that Reno Municipal Code Chapter 8.32 contains provisions regarding trees and vegetation that constitute public nuisances. In particular, § 8.32.090 addresses trees and vegetation that are not properly maintained or that may endanger people or property, while § 8.32.100 addresses trees affected by dangerous insect infestations or plant disease. The code also provides the Urban Forester authority to order corrective action					

Number	Case	Description	Location	State	Assignment group	Created	Ward number
		when necessary for public safety or to prevent the spread of insects or disease. I am also requesting that the overgrown vegetation and drainage areas behind the residences be inspected. These areas contain tall, dry and overgrown vegetation that may constitute hazardous fuels and create a potential fire-spread hazard to the surrounding homes. I am additionally concerned that the vegetation may interfere with the intended function of the drainage ditches. Because these issues have been repeatedly reported to park management without adequate action, I am requesting that the appropriate authority independently inspect the conditions and determine who is responsible for correcting them.					

Number	Case	Description	Location	State	Assignment group	Created	Ward number
		Specifically, I am requesting: An inspection of the tree adjacent to my fence for structural safety and potential property damage. An evaluation of the box elder bug infestation and whether the tree is considered infested or diseased under applicable code. A determination of who is responsible for trimming, treating, or removing the tree. Inspection of the overgrown vegetation and drainage ditches behind the homes for fire and safety hazards. A determination of who is responsible for maintaining and clearing those areas. Written confirmation of any violations found and the corrective action required. Information regarding what enforcement or abatement options are available if park management continues to disregard these conditions.					

Number	Case	Description	Location	State	Assignment group	Created	Ward number
		I can provide photographs, videos, dates of previous complaints, and documentation of my communications with park management upon request. These conditions have been reported repeatedly, and I am requesting that they now be formally documented and inspected rather than continuing to rely on park management to address the complaints. Thank you for your prompt attention to these safety and property concerns. Sincerely, Jenna Woolfe, I would like to stay anonymous. Sunvilla Estates Resident

SER0141973	Service Request - Yard issues on private propertySER0141973	There appears to be a significant obstruction within the recorded 20-foot roadway easement at 3190 Knight Road, Reno, NV (APN 009-221-29). Large piles of wood chips/mulch, dirt, rocks, and other materials have been placed within the roadway easement, substantially restricting or preventing passage through the roadway. There is also a fence blocking passage at the far end. The recorded parcel map depicts a 20-foot roadway easement extending along the property adjacent to the fence line. Could the City please inspect the property and determine whether these materials and the fence are permitted within the recorded roadway easement and whether the easement is required to remain unobstructed?	3190 Knight Rd, Reno, NV 89509	Open	Code Enforcement	2026-08-30 20:38:53	

Number	Case	Description	Location	State	Assignment group	Created	Ward number
		Photos showing the current obstruction and a parcel map identifying the 20' roadway easement are attached.					
SER0141992	Service Request - Sidewalk ObstructionSER0141992	The condition of this property is concerning, as it is plagued by weeds and overgrown trees, forcing pedestrians to use the street. The heavy traffic on 7th Street, combined with vehicles speeding, poses a significant danger, making each walk through this area feel perilous.I'm walking along the emergency lane and am still in risk of being hit. Please have this walkway cleared... The excess vegetation must be dealt with. Not to mention that the construction company working on this property leaves signage on the sidewalk all weekend while they are not working.	2085 W 7th St, Reno, NV 89503	Open	Code Enforcement	2026-08-31 08:03:16

SER0142052	Service Request - Debris on Private PropertySER0142052	I want to start by saying that I love Reno. I have two businesses here with 50+ employees, I own the property in question and my company KPS3 does work for the city, we do work for the county and nearly every government agency in Nevada. I really don't want to be a bother, but I have tried everything I can and the problem simply will not go away. Can you please let me know what more information you might need or if you know of a better solution, I'm all ears. Here are the details: I own the building at 500 Ryland Street. I'm writing about an ongoing trash problem coming from Civic Center Apartments at 300 Holcomb Avenue, which sits kitty-corner from us. Their dumpster isn't on their property. It's parked on the dirt lot next to them — the	300 Holcomb Ave, Reno, NV 89502	Open	Code Enforcement	2026-08-31 11:50:17	

Number	Case	Description	Location	State	Assignment group	Created	Ward number
		fenced utility yard with the substation in it, which is not their parcel. Nobody maintains that lot, so the container sits out in the open on gravel with nothing around it. It's almost always overfull, the lids don't close, and trash ends up on the ground all around it. From there it blows across onto our lot, our sidewalk and has been a problem long enough that birds and rats are being seen on the property now. A landscaping contractor also dumped a large boulder and a pile of dirt against the utility fence on that lot. That only happened the one time, but nobody ever came back for it. It's in my photos from June 1 and it's still sitting there today. It's also reaching us directly. On the evening of May 31 our camera recorded people from that building walking over and putting beds and trash into our					

Number	Case	Description	Location	State	Assignment group	Created	Ward number
		dumpster because theirs was full. The footage goes on for nine and a half minutes. The next morning I photographed their container overflowing. Their tenants do not have proper trash service and the overflow has become our problem for way too long. This happened on a second occasion as well, but that footage has since been overwritten. The City made them relocate the container once already. It got moved. Nothing else changed. I've also called the property management company for that building several times over the past few months. I have never gotten a callback. I would have preferred to handle this neighbor to neighbor, but now I have had enough and need the City to step in. I have 20 dated photos, February 2 through this					

Number	Case	Description	Location	State	Assignment group	Created	Ward number
		morning, August 31. That's seven months of the same thing. What ends up on the ground isn't just paper — it's bagged food waste, mattresses, furniture, boxes, clothing, a stroller, a tire. Birds are picking through it daily and we're now seeing rats. The continued issue is now becoming a health problem. Here's what I'm asking for: Determine whether that container is permitted to sit on the utility parcel at all. If it isn't, require it be moved onto 300 Holcomb's own property. Inspect the site and cite the overflow as a repeat violation. Require that the lids stay closed, that pickup frequency match what the building actually produces, and that the container be screened. Require removal of the boulder and dirt pile dumped on the utility lot. Refer the rodent and

SER0142075	Update to Housing Complaint – Possible Mold and Habitability ConcernSER0142075	Hello, I am following up regarding my call this morning concerning the status of the 14-day notice I previously provided to property management. I wanted to provide an important update in case I did not clearly mention it during our call. I contacted a cleaning company regarding the persistent odor in the home. The company stopped the service after identifying concerns regarding possible mold and pet-odor contamination/exposure. I notified property management in writing of the possible mold and continuing pet odor. Rather than addressing the concern directly, I was redirected to submit another maintenance request through the resident portal. The underlying condition remains		Open	Code Enforcement	2026-08-31 13:45:59	

Number	Case	Description	Location	State	Assignment group	Created	Ward number
		present, and the last proposed corrective measure previously discussed by management has not been completed. The 14-day notice period has now expired. I have also attempted to obtain an independent mold inspection; however, I have been advised that the company would require authorization from the property owner before proceeding. I am particularly concerned about whether the home is currently safe to occupy because there are two five-year-old children in the household, and I have asthma. Could Code Enforcement please evaluate the possible mold/moisture condition and the unresolved odor issue during the inspection and advise

SER0142208	Noise Complaint – Sierra Express Car Wash Vacuum EquipmentSER0142208	I am submitting a noise complaint regarding Sierra Express Car Wash located at 9510 S McCarran Blvd, Reno, NV 89523. The car vacuum area for this particular carwash is located adjacent to the apartment complex where I live (Westlook Apartments). About a month ago, I began noticing a loud hissing noise coming from one of the car wash vacuums. The equipment appears to periodically decompress, producing a very loud hissing sound that occurs approximately every 30 minutes. The most concerning aspect is that this noise continues 24 hours a day, 7 days a week, even after the car wash has closed for the day. I initially contacted Sierra Express Car Wash's customer service and spoke	9510 S McCarran Blvd, Reno, NV 89523	Closed	Code Enforcement	2026-09-01 10:49:49	

Number	Case	Description	Location	State	Assignment group	Created	Ward number
		with the manager of the location on August 6, 2026. I explained the ongoing noise issue, and she said she would speak with the employees at that location and address the problem. The noise stopped for only one night and then resumed the following day. I contacted the car wash again and spoke with the manager on August 8, 2026. I again explained that the noise was continuing, and she said she would speak with the employees again. Unfortunately, the issue has continued. The loud hissing noise still occurs approximately every 30 minutes and appears to occur 24 hours a day, 7 days a week. Because I live in the apartments directly next to the vacuum area, the noise is clearly audible from my home and is disruptive,					

Number	Case	Description	Location	State	Assignment group	Created	Ward number
		particularly during nighttime and early morning hours. I have attempted to resolve this matter directly with the business on two separate occasions, but the problem has not been corrected. At this point, I am requesting that the City investigate the source of the noise and determine whether the equipment is operating in violation of applicable noise regulations. I would appreciate any assistance in addressing this ongoing disturbance and ensuring that the equipment is properly repaired, adjusted, or otherwise operated in a manner that does not create a continuous nuisance for the surrounding residents. Thank you for your attention to this matter. Best regards, Katelan Scherer

SER0142287	Re: Data Center ConstructionSER0142287	And one more thing Mike and team, To clarify, this issue has nothing to do with the zoning. The Keystone Data Center may be adjacent to industrial lots, but zoning rules do not govern public streets. The time stamped videos show that they were large dirt-hauling semi-truck actively staging at 6:28 a.m. Which means they are violating specific Reno municipal law, along with violating #8 of the conditional use permit. Reno Municipal Code Ordinance No. 6678 (RMC 6.30.130 (d)), adopted May 2024, explicitly states it is unlawful for commercial motor vehicles to stop, stand, or park on any public street or alley. It is considered a public nuisance. This code restricts large commercial vehicles from using public right-	265 Keystone Ave, Reno, NV 89503	Open	Code Enforcement	2026-09-01 20:14:08	

Number	Case	Description	Location	State	Assignment group	Created	Ward number
		of-way as staging queues or extended parking zones, entirely independent of surrounding zoning designations. There are no current encroachment/TTC permits on Accela One for 265 Keystone Ave. I'll go ahead and attach the videos just so we are clear about the issue. Regards, Krista George . Sent from my iPhone On Sep 1, 2026, at 11:01 AM, Krista George <kristasgeorge@yahoo.com> wrote: Mike, Are 2 semi trucks allowed to park on the street, not pulled over

SER0142553	Service Request - Storm Drain IssuesSER0142553	The resident at 220 W. Pueblo St., Reno, NV 89509 regularly blows leaves and other yard debris from the property into the public street rather than collecting and disposing of them. The debris is left in the roadway, apparently for collection by the City street sweeper. In the meantime, leaves and yard debris can enter or obstruct the storm drain system, while wind and passing vehicles redistribute the debris onto neighboring properties and farther along the street. The leaves then accumulate in surrounding yards, leaving other residents to collect and bag yard debris originating from this property. This is an ongoing practice rather than incidental leaves naturally falling or blowing into the roadway.	220 W Pueblo St, Reno, NV 89509	New	Code Enforcement	2026-09-03 16:20:30
