

City Manager's Office

MEMORANDUM

DATE: 11/16/22

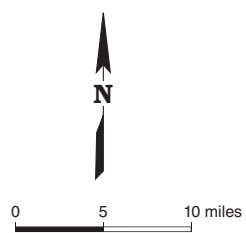

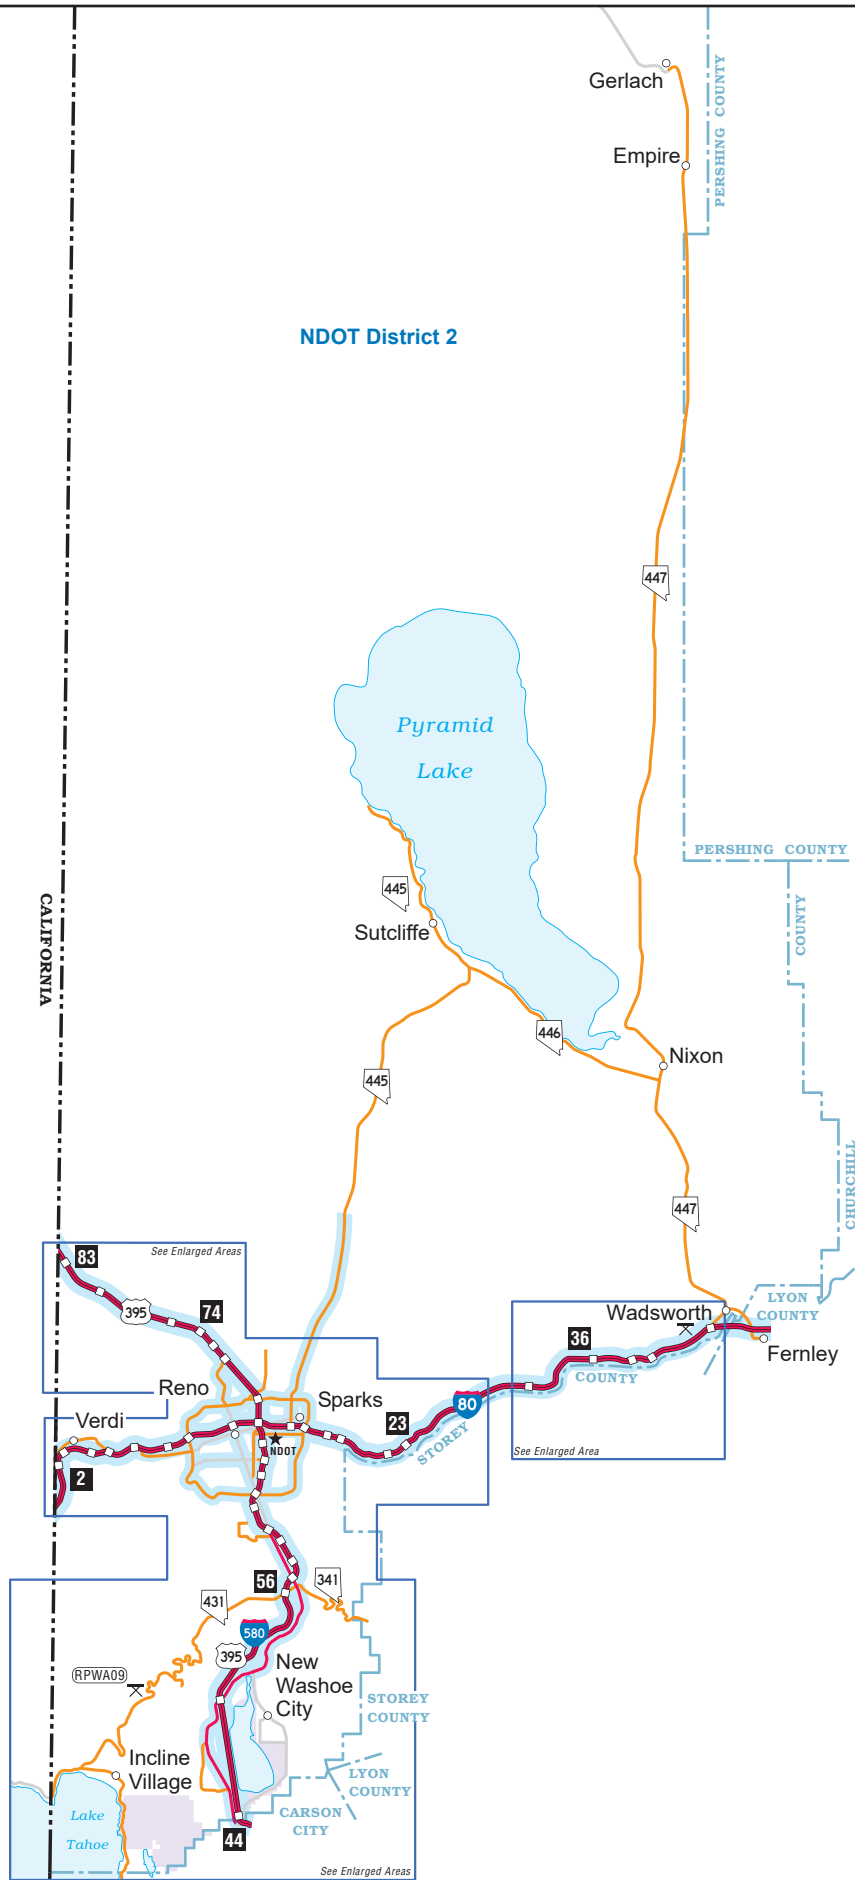

TO: Mayor and City Council

THROUGH: Doug Thornley, City Manager Approved Electronically

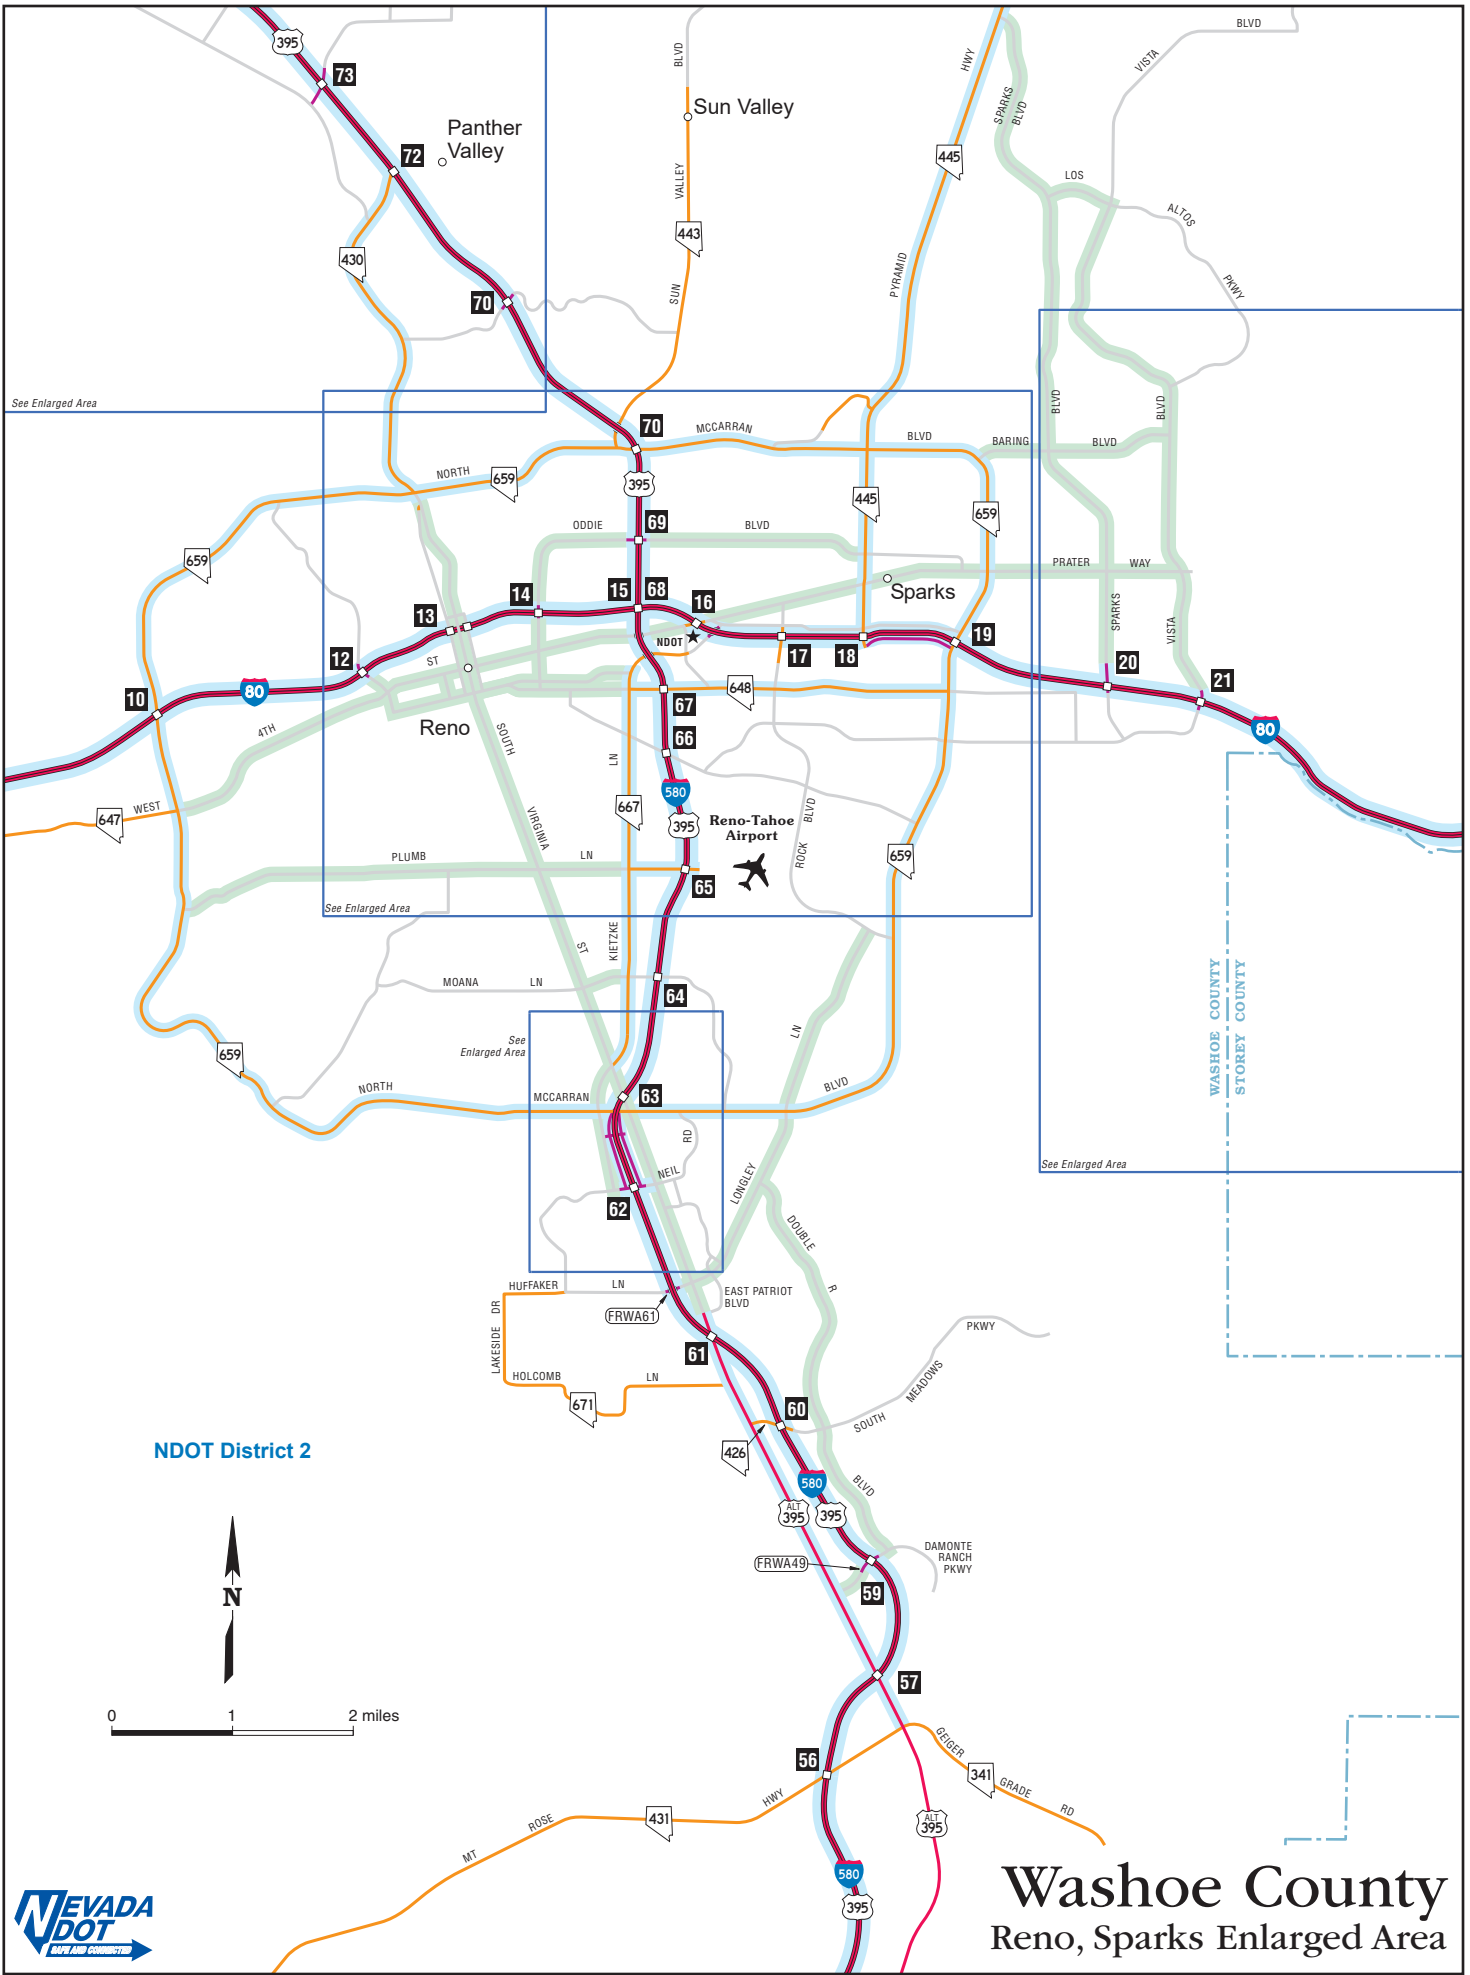

FROM: Travis Truhill, Director of Maintenance and Operations

SUBJECT: Nevada Department of Transportation- Winter Operations

The Nevada Department of Transportation (NDOT) hosts an annual regional winter operations coordination meeting. During the meeting held on November 2, 2022, NDOT staff notified their regional partners that they are severely understaffed and expect to face operational challenges with roadway maintenance during long duration or intense snow events. NDOT staff indicated that if they are not able to provide safe roadway conditions to motorists, they may elect to close specific roadways during snow storm events. The closure of major NDOT roadways or sections of the local freeways will inevitably cause higher than average traffic volumes on City owned roadways.
