

City Manager's Office

MEMORANDUM

Date: May 23, 2023
To: Honorable Mayor and City Council
Through: Doug Thornley, City Manager Approved Electronically
From: Monica Cochran, Manager, Housing and Neighborhood Development
Subject: Biggest Little Spring Cleaning – Ward 2

Housing and Neighborhood Development (HAND) has kicked off the 2023 city-wide annual community cleanups. Designated locations in each ward have been assigned and communicated, through several outlets, to the community. Saturday, May 20, 2023 the first cleanup, for Ward 2, was held at Damonte Ranch High School. Below is the data collected:

- 260 households assisted
- 6,932 lbs of household hazardous waste
- 4,500 lbs of electronic items
- 210 square yards of unwanted household items
- 27 car batteries
- 99 televisions
- 15 bicycles recycled to Reno Bike Project
- 11,579 lbs of paint

The data above reflects the value of this program to our community by reducing improper waste disposal, which could have harmful impacts for our landfills, stormwater, and open space. The program provides a larger public quality of life and promotes City of Reno sustainability policies.

Below is a list of upcoming events:

06/10 - 9am-12pm at Dorothy McAlinden Park (14000 Stead Blvd, Reno, NV 89506)

06/17 - 9am-12pm at Clayton Middle School (1295 Wyoming Ave, Reno, NV 89503)

06/24 - 9am-12pm at Echo Loder Elementary School (600 Apple St, Reno, NV 89502)
