SER0049584	Service Request - Sidewalk ObstructionSER0049584	<p>This is my third time reporting this property for being ADA non-compliant. The first time, a City of Reno representative allegedly found no vehicles blocking sidewalks. The second time, Antonio Gilmore of the City of Reno Parking and Code Enforcement Department came to the property to meet me and found many ADA violations within only a few minutes of being here. Antonio was very helpful and genuinely wanted to help our community. He drafted and sent a letter which explained this very clearly. Unfortunately, it would seem different representative of the City of Reno came after Antonio and again allegedly found no violations and closed the investigations. Whoever this representative is told the property manager that they are ADA compliant, which is simply untrue.</p> <p>This property is in a constant state of ADA violation; every sidewalk is obstructed to some degree at all times of every day (especially before 0700 and after 1800 when the majority of car owners have returned from work). If City of Reno representatives are unable to find these violations, it can only be because they aren't looking. The photos that I will attach to each of these reports are proof of that.</p> <p>Please consider taking definitive action to hold ADA violators accountable and open our sidewalks. Our disabled family, friends, and neighbors deserve the rights granted to them by the ADA. If you don't help them, no one else will.</p> <p>Vehicle:  Make: Subaru  Model: Outback  License Plate: Nevada 398-A98  Vehicle Stall: 143</p>	1450 Idlewild Dr, Reno, NV 89509	Closed	Code Enforcement	2024-05-08 08:37:38	1

SER0049751	Service Request: SER0049585 ConcernSER0049751	<p>Hello City of Reno,</p> <p>The sidewalks of my apartment community, The Village at Idlewild Park, are in a constant state of obstruction and ADA violation. As a result, residents with wheelchairs, strollers, and other mobility concerns are regularly forced into the street where they are most vulnerable to traffic, weather exposure, and other dangerous conditions. Seeing one of my neighbors in a wheelchair being pushed over 145 degree broken asphalt on the shoulder of a road in which traffic rarely yields to pedestrians demanded me to take action.</p> <p>I recently submitted a concern to The City of Reno for obstructed sidewalks within my apartment community (case number SER0049585). According to the comments on the case, it was closed because "The City of Reno has no authority to enforce". This excuse, however, is not true. Every level of governance from the US Department of Justice all the way down to local home owner's associations (HOAs) has the authority to enforce the regulations set forth by the Americans with Disabilities Act (ADA). Code enforcement offices, such as the City of Reno's Parking and Code Enforcement Department, exist specifically for this purpose (among others). All I am asking is that they perform the duty that is literally in their name: enforce code.</p> <p>My goal is the safety of our disabled family, friends, and neighbors in my community: a goal that I hope we all share. Unfortunately, I have received the exact same excuse from The City of Reno that I have received from our property manager, our HOA, and even Lacey Stange of the Department of Justice: Housing and Urban Development Division: "we have no authority to enforce". In every case, that excuse is a lie. The regrettable truth is that any single one of these governing bodies, alone, is capable of fixing the problem, but none choose to.</p> <p>Please be the one to make a difference. Please be the one body of government that cares enough to protect the rights of our Renoites with disabilities. They deserve the right of sidewalks free of obstruction granted to them by the ADA. You CAN give it to them (yes, you can).</p>		Open	Code Enforcement	2024-05-08 20:10:31
