SER0055750	Service Request - Sidewalk ObstructionSER0055750	One of their recycling bins has been on the sidewalk since Monday. It is in front of their neighbor's property (875 Southworth Dr), but it is clearly labeled as for 855 Southworth Dr. The two seem to have a dispute over that part of the property, based on a conversation regarding who is allowed to sell (or not sell) the parking there during the Rodeo, so I am not sure if this is 855 asserting dominance or something else. I do not feel comfortable putting this recycling bin on the property of 875 (since it is not theirs), and 855 has a dog that attacks people who walk by, so I do not feel comfortable putting it into their property either. Not sure what else to do since I keep seeing this when I walk my dog, and those at 855 are not around for me to ask them to move it while I am on my walk.	855 Southworth Dr, Reno, NV 89512	Open	Code Enforcement	2024-06-28 07:05:25	3

SER0055917	Service Request - No Utilities in RentalSER0055917	<p>Lake Grove Reno II condominiums has not had running hot water since Friday early evening. I reached out to the HOA board and property Management. I had to take a cold shower due to no running hot water. Some of the people go to peppermill VIP lounge and shower over there. I do not go to peppermill or belong to a gym. I depend on running hot water in my unit and building. This is an ongoing problem. Plumbing comes out fixes it it works for a while then it breaks down. The HOA is not taking proper measures to ensure we have continued running hot water to shower and wash our dishes. It is not only a health hazard but it is also a quality of life issue. No one should have to go without hot water in this day and age. I believe they are violating code in not having hot water for a residential building of 114 units. This is all the north side of the building. This is a boiler system that runs on the rooftop and it is way past its lifespan. The HOA board does not want to spend money on replacing the boiler for hot water. I believe all residents that live here permanently deserve and need to have hot water. This is an essential service for everyday living, not a luxury. City of Reno please help us fix this permanently for this building. The HOA board needs to replace the boiler. Calling the plumber over and over is a waste of money. It works for a little while and breaks down again. Property Management and the HOA cannot expect us to live this way. We all pay to have running hot water in this building. Thank you.</p>	2450 Lymbery St, Reno, NV 89509	Closed	Code Enforcement	2024-06-30 02:55:20	1

SER0056384	Fw: Incredibly disgusting respect for seniors/eldersSER0056384	Per information forwarded by Community Liaison Tyler : " The garbage carts, used for 200+ people, are to be taken to the compactor and emptied 3 days a week--Monday, Wednesday, Friday. This is not the first time that staff have "forgotten" and not the first time that the garbage chutes are stuffed on the upper floors. In addition, for months the pedestrian gates remain broken and unsecured. The door to the north garbage room remains unlocked, despite reporting to maintenance, allowing anyone with a strong stomach to enter the building when the north door actually works. The odor from the garbage room is not masked by the chemical deodorant which is used in the first floor hallway, and to which many people are allergic. The flies and vermin adore our garbage room. The residents (and staff) deserve to be treated better, safer, and healthier. Pam Vintage at Sanctuary"	301 Gentry Way, Reno, NV 89502	Open	Code Enforcement	2024-07-03 11:00:28	1
