I live in the community off of Del Monte and the agreement was made that those old trees would be protected and they are dying rapidly. When is somebody going to enforce the agreements that were made with the neighborhood regarding those trees? They are irreplaceable they need water and they have not gotten water. They've already taken out 5 or 6 of those trees. They're right at the top of Del Monte and Bonde Lane. This is a disgrace. I've called for years about this, we've seen this coming. SER0060188	Service Request - Nuisance, Not Otherwise ListedSER0060188	<p>Garbage not removed in 2 weeks, piled up inside to 4th floor, cockroaches, stench. One of 4 bins left outside in parking lot.</p> <p>"Once again FPI has managed putrefying garbage to back up to the 4th floor-- for 2 weeks this time. The stench is overwhelming to residents and to the neighborhood. It is a fire hazard--in 2+ years the chutes have never been cleaned of the oils, fats, organic waste in them--there is lots of compostable, methane generating waste in the chimney (chute). There are cockroaches gathering, even though the roaches were reported to FPI on 21 May 2024. Pest Control installed sticky traps and promised to spray the 317 apt and the adjacent ones--but evidently the company was dismissed. No pest control since.</p> <p>Supposedly the maintenance guy had COVID on Wednesday the 24th and FPI sent no one to empty the bins until Friday the following week (Aug 2). That Friday Cody moved one bin to the compactor; but didn't or couldn't run the compactor. That bin was left for the cats, crows, raccoons, wind, and street hustlers to ransack. Until this past Thursday, residents were prevented from personally throwing their garbage into the compactor because FPI keeps the compactor gate locked. Compactor gate was unlocked on Aug 01 at my request. Residents were not notified of staff COVID (except the few whose apts were entered, but not those who were in same hallway, rooms, etc.) There are still no notices informing residents of the problem and that they should throw trash in the compactor.</p> <p>FPI receives over \$200,000 per month in rents, much of it taxpayer money. But FPI has never had a competent staff maintenance person aside from the first in 2022 and two subsequent temps that FPI promised to hire then didn't. This time not even another incompetent temp was brought in, for 2 weeks now. Residents have been informed nothing will happen until Tuesday the 9th [if then].</p> <p>There is still no security as promised in advertising and lease. Despite the numerous resident reports, major and minor doors remain unlockable; broken (including automatic doors); won't open; exposed electrical wiring. The north pedestrian gate and fence section remains broken, for months. The main gate still doesn't work after 9 months.</p>	301 Gentry Way, Reno, NV 89502	Closed	Code Enforcement	2024-08-04 17:41:44	1

The fire department saved our house next door, for which we are very grateful and thankful to the department and the city. The house is boarded up and the front door is usually locked, but sometimes is left unlocked, which is a danger if children were to enter. No demolition work has been done. I do not think any demolition is planned, as neither I nor any neighbors have been notified of upcoming demolition work. Does the city know if there are plans to demo the house? Does the city have a time limit on how long a burned house like this is allowed before it must be demolished? SER0060331	Service Request - Sidewalk ObstructionSER0060331	This sidewalk is now cleared of the vines that were the original issue, and so for now there is no obstruction, but the hand-written threatening chalk message targeted to me remains on the sidewalk. It seemed best to turn this over to Reno Direct. Perhaps I should have done it years ago.  This new development, this message, is creepy to me, telling me I am being watched. A photo is attached of both messages. The first message said, "Quit breaking branches! RUDE!!! (underlined twice) I'm watching you!!!" The first day I saw it, I happened to see a neighbor I am acquainted with and as we talked about our dogs I mentioned to her that I thought the message was to me, though it could be for the neighborhood kids; I wasn't sure. The very next day another line was added that read, "Lady w dog" (photo attached). This tells me that the homeowner was listening somehow and may have a recording device set up and heard my question about whether it was for me. I actually HOPE the person IS recording and that they caught my frustration on their camera!!! Why? Because I want this known, including my own actions (God sees me and knows my heart, after all); and because:  1) I do nothing in secret; I am always walking in the daylight and I have even bent these branches away from the sidewalk with neighbors outside seeing me; I am not hiding anything;  2) I often look directly at the house and speak out loud in case they are nearby; it is an overgrown property, so they could be in the front yard and I would not know it, and I ask them to trim their vines;  3) their front windows are directly there, so I have every expectation AND HOPE that they see me clearing their vines so that they will do it themselves, including if they are recording me. After this message appeared I looked directly at the window, waved to acknowledge the possible camera, and gave them a thumbs up that they had trimmed the vines! I am glad!  Having walked this neighborhood for 20 years, over time all of the landscaping planted near/at the front sidewalks have matured to the point that they are constantly growing outward across the sidewalk. There are so many encroachments as we walk(!), but it is so difficult to convince myself to turn people in, including at this property.
