		Hello,					
		I am writing you about the property in the subject line , that has been a nuisance for many years in hopes you can help . Its been a rental unit for probably					
		over a decade, which has caused us numerous issues over the years as homeowners. Currently the home is extremely run down as usual, which is likely					
		their right . The current issue though is junk stacked on the side of the property which includes a stack of tires , propane tanks (is that even safe?) , garbage,					
		pulled weeds not disposed of, and last but not least they have now pushed a vehicle between the properties (off the driveway), that just sits there. Its an old					
		junker , they have also previously pushed another junk vehicle into the backyard that has been sitting there for years. We do not have an HOA here, so if they					
		have the right to do this, I guess it is what it is. Sure dosen't seem right or safe through. Please let me know your thoughts, and thank you for your time.

		this complaint, the patient in the maroon shirt is seen sneaking out of the backyard - as a worker from the facility is walking out the front door to leave the					
		business. When the patient sees the worker leaving, he sneaks back as to NOT BE SEEN by the worker.					
		7					
		This behavior went on for the better part of two-plus hours. The workers allowed this patient to stay out front in the front yard area unsupervised for an extended period of time. Additionally someone in a white GMC truck came and the kid and this person were outside for a good long while unsupervised. I					
		noticed the kid sneaking out of the yard around 4:15 p.m. or so. They did not resolve this situation until well after 6:30 p.m.					
		The backyard of this business IS NOT SECURE. I have submitted complaints regarding this concern before. They have the fence gate that connects the					
		backyard to the front yard blocked with a broken ping pong table. There are NO LOCKS on this gate. It's pretty easy for the patients to get around the broken					
		ping pong table out of the backyard, and on their way to elopement; or they linger in the space that my front yard, backyard and living space shares with this					
		business and its property line.					
		Last week it was made known that a sexual assault, rape, on a 14 year old female patient took place at this business in late March when I received police					
		reports connected to this property. Patients continue to be unsupervised. A female patient being treated for mental illness goes to this place to heal and she					
		gets sexually assaulted by an older male patient in the home - because AGAIN - the patients WERE UNSUPERVISED. How can this business be allowed to be					
		co-ed; especially since these are teens going through puberty? How is ANY OF THIS ACCEPTABLE? I am trying hard to find the logic in all of this, but there is					
		none. This business appears to be nothing more than a holding tank for mentally ill kids and teens who have nowhere to go until they age out of the system.					
		I've received no information or indication that anyone at the State or City is doing anything to intervene on behalf of these kids. I think about the girl who was					
		sexually assaulted all the time.					
		How can the owner of this place sleep at night knowing THIS is what is happening at his business. Something needs to change. Someone needs to intervene					
		and get this place under control. It's spiraling again and because of my close proximity and shared fence/yard with this business we see and hear it all day,					
		every day. Unacceptable. Disgraceful.

SER0062403	Service Request - Building - Vacant/Blighted/UnsecureSER0062403	I have an ongoing issue with that vacant lot above our house. It seems that that lot has now become a public park for late night parties and definitely creates not only a liability issue but these people throw beer bottles down the hill.
