

FLAMMABLE & COMBUSTIBLE LIQUIDS

OPERATIONAL PERMIT INFORMATION SHEET

This Permit was issued and accepted on the condition that all provisions of the Codes now adopted, or that may hereafter be adopted, shall be complied with.

- Construction, equipment, machinery, processes, and required systems shall be maintained as approved during the building permit plans process. Any modification, alteration, or addition requires a new plan to be submitted for approval.
- Quantity and type of materials on site shall not be changed without prior approval of the Reno Fire Department.
- Flammable and combustible liquids shall be handled, transported, stored, displayed, and dispensed in a manner approved by the Reno Fire Department.
- Individual containers, packages, and cartons shall be clearly labeled and placarded in an approved manner.
- Flammable and combustible liquids shall be safeguarded to minimize their unintentional reaction or release, their exposure to ignition sources, their exposure to fire or physical damage, and their exposure to explosion.
- Approved fire extinguishers shall be provided and maintained.
- An approved emergency action plan, consistent with the available equipment and personnel, shall be established to respond to fire or other emergencies. The plan shall be readily available and regularly updated. Employees shall be familiar with this plan.
- A site assessment shall be completed and submitted to the Reno Fire Department within 60 days in the case of a spill, leak, or discharge from a tank system.
- Flammable and Combustible liquid facilities must comply with all applicable provisions of the 2018 International Fire Code, particularly Chapter 57. Additional requirements are subject to inspection and review.

The applicant accepts responsibility for the use of this Permit, in full compliance with the terms and conditions above, and additionally hereby assume, pay and hold the City of Reno harmless for any liability arising out of the Permit. This Permit does not take the place of any license required by law and is not transferable. Any change in the use or occupancy of premises shall require a new permit.
