

HAZARDOUS MATERIALS

OPERATIONAL PERMIT INFORMATION SHEET

This Permit issued and accepted on condition that all provisions of the Codes now adopted, or that may hereafter be adopted, shall be complied with.

- Construction, equipment, machinery, processes, and required systems shall be maintained as approved during the building permit plans process. Any modification, alteration, or addition requires new plan submittal and approval.
- Quantity and type of materials on site shall not be changed without prior approval of the Reno Fire Department.
- Hazardous materials shall be handled, transported, stored, displayed, and dispensed in a manner approved by the Reno Fire Department.
- SDS, HMIS, and HMMP shall be readily available on site.
- Hazardous materials shall be safeguarded to minimize their unintentional reaction or release, their exposure to ignition sources, their exposure to fire or physical damage, and their exposure to explosion.
- Written documentation of safety, operating, and emergency procedures shall be developed and enforced. Affected employees shall participate in their development and updating.
- Individual containers, cartons, or packages shall be clearly labeled in an approved manner.
- Placards shall be visibly displayed on containers, tanks, and at building or room entrances.
- Unauthorized discharges shall be reported to the Reno Fire Department.
- Hazardous materials facilities must comply with all applicable provisions of the 2018 International Fire Code, particularly Chapter 50. Additional requirements are subject to inspection and review.

The applicant accepts responsibility for the use of this Permit, in full compliance with the terms and conditions above, and additionally hereby to assume, pay and hold the City of Reno harmless for any liability arising out of the Permit. This Permit does not take the place of any license required by law and is not transferable. Any change in the use or occupancy of premises shall require a new permit.
