

# PYROTECHNICS OUTDOOR

## OPERATIONAL PERMIT INFORMATION SHEET

### Special Use Permit for Pyrotechnics (Outdoor)

- The general conduct, operation, and safety of the fireworks display shall comply with NFPA 1123.
- As soon as the fireworks have been delivered to the display site, they shall not be left unattended, they shall be kept dry, and unauthorized persons shall be kept a minimum of 50 feet from the fireworks.
- All material shall be as specified by letter of intent, product list, and content of site and event plan which has been approved by the Reno Fire Department.
- Discharge areas shall have water type B & C fire extinguishers as approved on plan.
- Extinguishers shall have a current State of Nevada seal.
- The pyrotechnic operator shall provide a written record of all misfire pyrotechnics to the Reno Fire Department within 12 hours of the discharge.
- The Nevada Licensed Pyrotechnic Operator shall not leave the venue and/or discharge site until all pyrotechnic devices are rendered safe, including misfire locations after the discharge has taken place.
- Pyrotechnic fallout will not be allowed over spectator area.
- All brush must be cleared within 200 feet of discharge site.
- All areas within the 200 foot discharge area will be watered down two hours prior to shoot.
- Additional firefighting personnel will be required by the Reno Fire Department. Fees shall be paid by the licensee.
- The discharge of pyrotechnics may be delayed or cancelled by the Reno Fire Department due to weather and/or safety conditions.
- This permit shall be posted next to the launch site.
- Additional requirements may be necessary based upon inspection and review of this event.

The applicant accepts responsibility for the use of this Permit, in full compliance with the terms and conditions above, and additionally hereby to assume, pay and hold the City of Reno harmless for any liability arising out of the Permit. This Permit does not take the place of any license required by
