There is a large food cooler & a large black trash container w/a shower & other tools in it. No one is there @ the moment. It is directly west of the fence for Cory's Lawn Service- on the RR side. (The big grey building just before the road into Oxbow Park). It looks like the dweller had planned on staying there for a while. I am scared. I have enclosed pictures... SER0062953	Parcel #082-361-21 Code enforcementSER0062953	<p>Madam Mayor Schieve and members of the Reno City Council</p> <p>I hope this letter finds all of you in good health and all is well.</p> <p>I write in hopes of bringing light to a reality.</p> <p>As you know The top of Hoge Road is within the Reno Sphere of Influence. Therefore if one wants to build or do anything that involves building permits, we go through the city of Reno. Any code enforcement issues go through Washoe County code enforcement. When a complaint is made, a code officer investigates, and if need be, a notice, or fine is issued to the property owner of said offense. The owner is given a specific length of time to correct the issue, if not corrected, fines are issued and more fines can be issued accordingly. The code officer has no other means of enforcement. I'm told some code enforcement issues can drag on for years. That often times the involved property owner gets so far behind on payments he loses the property in foreclosure.</p> <p>Anyone living around this property is held hostage to the wrongs of said property owner.</p> <p>Specifically the property at 1065 Hoge Road/ parcel number 082-361-21, the owner first moved in eight (8) old shipping containers, his dream is to build a 6000 square foot shipping container home.</p> <p>At one time, he had two travel trailers, both with people living in them.</p> <p>He has a very large water tank which was connected to the trailers. No septic that I could tell. He then placed creosote railroad ties along a legal known easement. This property has a 33' easement around the entire property. I have several documents which support this. The Forest Service owns the property to the immediate West of said property. The Forest Service can and does close roads at will. If this were to happen, Four (4) of us residents would be land locked because 1065 has the fence posts on a legal easement. The code enforcement officer has no means to make the land owner comply with the law of the land.</p> <p>Also these fence posts &amp; or a fence will matter in winter icy weather conditions. We have two elderly drivers and a young teen who just got her license. I pray for their safety.</p> <p>This land owner of 1065 Hoge Road / parcel number 082-361-21 has no building permits, has never gotten any building permits. He has a freeze on getting building permits till he corrects his compliance issues. However he has done quite a bit of moving</p>		Closed	Code Enforcement	2024-08-26 13:05:54
