		caused by the residents at 760 Montgomery Way.				
		The occupants are using their driveway as an auto body shop, working on vehicles for individuals				
		outside their residence. Currently, there are two full-size motorcycles and several non-operational	i l			
		mini bikes stored there. Additionally, two adult males frequently work on these vehicles late into				
		the night (from 7 PM to midnight) and during the day, starting engines and leaving them running for				
		over an hour, which fills our home with exhaust fumes—even with our windows and doors closed.				
		They are also engaged in welding, grinding, and sawing parts off cars, including a green Subaru				
		Forester and a silver Volvo. This activity is not only disruptive but illegal unless conducted inside a				
		garage. The situation is persistent and involves multiple vehicles. It has become clear that they				
		repair these vehicles and subsequently sell them, resulting in a continuous cycle of noise and				
		disturbances.				
		Moreover, the street is cluttered with their parked vehicles, often obstructing sidewalks, and many	•			
		are leaking fluids onto the streets and sidewalks. Recently, they have also been spray painting and				
		using various chemicals, which emit strong fumes that infiltrate our home, exacerbating health				
		issues. My husband, who suffers from a seizure disorder, has experienced 22 seizures in recent				
		months due to the stress, lack of sleep, and noxious fumes.				
		We have repeatedly approached the residents about these issues, only to be advised to close our				
		windows and doors. Despite our efforts, the impact on our health and quality of life continues to				
		worsen.				
		In addition to the outer considerativities they are also supping at her businesses from their home

Despite multiple complaints submitted through Reno Direct, I continue to witness unsafe and unsanitary conditions that compromise the safety of my clients and negatively impact my business. There is an unwillingness by the city to manage the behavior of the Renaissance property and hold them accountable to the many municipal codes like the rest of us. I am particularly frustrated with the Renaissance Hotel, which has allowed its spill-over parking tot across from 131 Pine Street to become a continual homeless encampment, backing directly up to

		8-10 people. Sometimes more, sometimes less. See the picture.				
		The reason this is an ongoing issue is because the property owners of 538 University AND the				1
		paved lot just to the south, 530 University, have failed to maintain sufficient fences around their				
		property. The property owner of 530 University removed the temporary / rented fences that at				1
		least made it a little difficult to establish camp sites. Permanent, six-foot high, secure fences				
		should be installed and maintained.				1
		Thanks very much for your help with this continuing concern.				1
